2.6.2: Attainment of POs and COs are evaluated

Introduction The performance of students in various curricular and co-curricular activities is used to evaluate the program outcomes (PO) and course outcomes (CO) of various programs of the HEI. The HEI measures the progress of students towards achieving program outcomes in a variety of ways, each of which various according to the nature of the program. A part of these methods are listed below

1. Utilisation of consistent internal assessment through class seminar and other participative learning strategies to assess subject theory and practical knowledge

2. The participation of students in various activities such as debate cultural week, many types of competition on special days, annual function and sports competition to evaluate individual and teamwork.

3. To evaluate the critical thinking and communication abilities of students the question and answer method is used.

4. Student participation in variety of social activities, such as the NSS to evaluate individual and team work, management abilities, social interaction and civics responsibility as a active volunteer.

5. Participation of student in a variety of activities, including awareness program share of art and craft and among others.
